

Bootstrap Typography

Create a newspaper layout as depicted in the image below using bootstrap and html components

Concept Covered : Bootstrap Typography

Note :-

- 1. The layout should be as given in the picture.
- 2. Create a parent div within the body element with class as container.
- 3. The title "THE NEWS" must be a h2 heading and the abbreviation for NEWS must be indicated as North South East West on mouse over [use appropriate bootstrap typography components].
- 4. The text below "THE NEWS" must have a contextual success background.
- 5. Make sure the "National News" and "World News" is being highlighted using bootstrap typography component.
- 6. National News and World News must be in two separate panels. But both should be within the same panel group.
- 7. The national news and world news panel body must be in small typography.
- 8. The copyright info must be in uppercase using bootstrap class applied to a paragraph tag which is inside the appropriate bootstrap component.
- 9. Similarly the warning info must be in a bootstrap warning class and the quote must be in reverse direction as indicated in the image.
