

Question 1

Correct

Mark 1.00 out of 1.00

Flag question

Observe the following

Statement I : Multiple resources cannot be used in try-with-resource

Statement II : Code need not be written explicitly for closing the resources

Select one:

- ☒ II alone is correct ✓
- ☐ Both I and II are incorrect
- ☐ I alone is correct
- ☐ Both I and II are correct

Question 2

Correct

Mark 1.00 out of 1.00

Flag question

In which version of Java was Try with multi catch introduced ?

Select one:

- ☐ Java 5
- ☐ Java 8
- ☐ Java 6
- ☒ Java 7 ✓

Question 3

Correct

Mark 1.00 out of 1.00

Flag question

Which of the following is / are checked exceptions?

Select one or more:

- ☐ ArithmeticException
- ☒ ClassNotFoundException ✓
- ☒ FileNotFoundException ✓
- ☐ ArrayIndexOutOfBoundsException

Question 4

Correct

Mark 1.00 out of 1.00

Flag question

To use a class as a resource in try-with-resources that class should have implemented _____ interface.

Select one:

- ☒ AutoClosable ✓
- ☐ Comparator
- ☐ Comparable
- ☐ Serializable

Question 5

Correct

Mark 1.00 out of 1.00

Flag question

IOException is a _____ exception

Select one:

- ☐ Unchecked
- ☒ Checked ✓

Question 6

Correct

Mark 1.00 out of 1.00

Flag question

Which of the following is / are unchecked exceptions?

Select one or more:

- ☐ IOException
- ☒ NumberFormatException ✓
- ☒ NullPointerException ✓
- ☐ SQLException

Question

7

Correct

Mark 1.00 out of 1.00

Flag question

Predict the output

```
public class Main {  
    public static void main(String arg[]){  
        System.out.println(display());  
    }  
    public static String display(){  
        try  
        {  
        }  
        catch(Exception e)  
        {  
            return "Welcome";  
        }  
        finally{  
            return "Hai";  
        }  
    }  
}
```

Select one:

- ☒ Hai ✓
- ☐ Welcome
- ☐ Welcome
Hai
- ☐ Compilation Error
- ☐ Hai
Welcome
