About TrinQet

Design a web page about.html which contains some information about the company 'The TrinQet Inc.'

Some part of the web page is already been created. But for more enhancement and visual effects, you need to add some more components using Bootstrap. The snap shot of the web page and the requirements needs to be fulfilled are given below:

Requirements:

1. Create a search input field in the navigation bar using Bootstrap input group component.

    a. Create a form and aligned to right side of the navigation bar and the form tag should contain <div> belongs to input group of Bootstrap class.

    b. The input field belongs to the form control should have the place holder 'Search'.

    c. Create a span tag to group the input field button for the input search field.

    d. Create a Bootstrap default button to display the glyphicon-search icon on it. This button should be the child of a span belongs to the Bootstrap input-group button.

    e. Refer the snap shot for clarifications.

2. Create breadcrumb layout - a navigation scheme - to indicate current page's location to the user within a website using unordered list. It should be like: Home/About Us (Refer the above web page snap shot).

3. Place the first paragraph (p tag) content inside a box to make it look like different from rest of the contents using Bootstrap.(apply a simple inset effect to an element). Create a div tag with the id 'para-1' and apply the appropriate Bootstrap component. The component size should be large.

84 ▾                 <p>Founder Kirsten Quigley knows life can be a balancing act
85                     between making a difference and getting out the door on time.
86                     Making choices that are good for you, your family, your wallet,
87                     and the planet can be tough, and it usually feels like something
88                     has to give.</p>
89             </div>
90 ▾             <p> For over a decade, TrinQet mission to help the world eliminate
91                 single-use plastic pollution has empowered people everywhere to make
92                 a difference every day with easy-to-use, affordable alternatives to
93                 plastic. Promoting global health and the welfare of all living things,
94                 TrinQet continues to drive innovation and challenge industry standards
95                 in the food storage market. Recognized for giving back, in 2018 TrinQet
96                 is donating 50 cents from every order to The 5Gyres Institute to help
97                 the fight against plastic pollution in our oceans. TrinQet brand
98                 products are manufactured by woman-owned business, 3Greenmoms, LLC,
99                 which designs, manufactures, markets, and distributes TrinQet reusable
100                and recyclable products through natural, specialty, gift, grocery,
101                and mass market channels.</p>
102 ▾            <p>TrinQet bags have been a hit since their inception, and have been
103                featured by the press and won numerous awards, including the gold
104                standard of quality assurance, the Parent Tested Parent Approved
105                award.</p>
